The Committee of Construction of Maoist Communist Party of Galiza wants to salute the TKP/ML, Communist Party of Turkey /Marxist-Leninist (Türkiye Komünist Partisi/Marksist-Leninist) on the 50th anniversary of its foundation.

The TKP/ML is one of the great communist parties in the world today and one of the most advanced parties, it directs the people's war in Turkey, advances and makes the people advance creating the new proletarian power. The TIKKO, Worker's and Peasant's Liberation Army of Turkey (Türkiye İşçi Köylü Kurtuluş Ordusu) is one of the few red armies that exist today and fights daily against the old bourgeois state.

Its founder Ibrahim Kaypakkaya is one of the main theorists of the revolution and one of the greatest communists of the 20th century. Kaypakkaya, along with Charu Mazundar and Gonzalo, is a worthy continuer of the masters of the proletariat Marx, Engels, Lenin, Stalin and Mao.

The prisons of the Turkish Regime are full of revolutionary men and women who deserve the deepest recognition on the part of the proletariat all over the world. The conscious Galician proletariat wants to join the demand for the liberation of Turkish political prisoners.

We salute TKP/ML on the 50th anniversary of its foundation. A foundation that was carried out by comrade Ibrahim Kaypakkaya. The entire history of TKP/ML is full of heroes who have fallen in combat against reactionary power. Some martyrs of the proletariat who are still alive in the struggle of the revolutionary proletariat of our time and who are an example of what it means to "serve the people".
